ABOUT BLOOMSBURG UNIVERSITY

Bloomsburg University, a member of Pennsylvania's State System of Higher Education, is a four-year coeducational public university founded in 1839. Through the stages of its development from a normal school to a teachers college to a multipurpose state college and finally to a university in 1983, the institution has retained its emphasis on liberal arts and career education.

Bloomsburg is recognized as one of the best 100 public universities in the United States, and excellence, ranging from its 18 national championships to its international reputation in a number of its academic programs, is an attitude found throughout the faculty and staff.

About 90 percent of Bloomsburg's students come from throughout Pennsylvania, creating a diverse mix of cultures and ideas. It's a place where friendships that last a lifetime begin. And it's a busy place — with more than 160 student organizations and activities, NCAA Division II athletic programs and a popular recreation center.

The university's Division of Continuing and Distance Education serves students through nondegree credit courses, noncredit minicourses, off-campus classes, credit for life experience and distance learning courses on public television.

The Town of Bloomsburg, located in the Susquehanna River Valley, has a population of about 12,000 people. The central business district is just three blocks southwest of campus, and includes more than 80 retail stores, restaurants, and the Bloomsburg Fair in September. More stores, restaurants and theaters can be found along nearby Route 11 and at the Columbia Mall, northwest of town.

The university is within a one-hour drive from such cities as Hazleton, Williamsport, Wilkes-Barre and Scranton; 1.5 hours from Harrisburg; 2.5 hours from Philadelphia; 3 hours from New York City and Baltimore; and four hours from Pittsburgh and Washington, DC.

> **Enrollment**— Total enrollment is now 9,400, with an average incoming SAT of 1070 and class rank in the upper 25 percent; Bloomsburg admits one in seven applicants and has a four-year retention rate significantly higher than the national average. About 60 percent are women and 10 percent are non-traditional. About 90 percent of Bloomsburg graduates are quickly placed in their chosen fields.

> **Degrees**— Bloomsburg University offers 63 baccalaureate degrees, 18 master's degrees and a joint doctoral degree in elementary education in cooperation with Indiana University of Pennsylvania.

> **Financial Aid**— About 70 percent of all students receive some form of financial aid; average amount of aid is \$10,000 per year.

> **Cost**—About \$7,223 per semester for Pennsylvania residents (tuition, fees, typical room and meal plans), \$11,635 for non-residents.

> **Faculty**— With approximately 1,000 employees, Bloomsburg University has 383 full-time faculty, 70 percent of whom hold doctoral degrees and 72 percent of whom are tenured. The staff is organized into four divisions: Academic Affairs, Administration, Student Life and University Advancement.

> **School Colors, Mascot**— The school colors, originally "lemon and garnet," have been maroon and gold since the 1920s. In the early 1930s, the Husky became the school mascot when a dog owned by a faculty member accompanied Adm. Richard E. Byrd on an expedition to the South Pole.

2010-11 OUTLOOK

During his first two years at Bloomsburg University, head coach Bill Cleary has worked to build a roster of talented players that can return the Huskies to one of the elite programs in the PSAC (Pennsylvania State Athletic Conference). Among his recruits have been the last two PSAC Eastern Division Freshman of the Year along with a host of players who have been key performers for the Huskies. Throw in some highly touted freshmen and a few transfers and Cleary's roster is coming together.

Cleary's teams have also taken the necessary small steps to prepare them for bigger things yet to come. In his first year with the Huskies the team narrowly missed the playoffs. Last season the team earned its first PSAC playoff berth since 2004-05. This year the Huskies will be looking for even more despite his relatively young lineup.

"While we don't have any seniors on the roster, our returning players all saw a great deal of time last season," said Cleary. "They have all been in the tough situations and have responded well. We have the talent to be successful and I am looking forward to the season."

BACK COURT

The Huskies' key returner in the backcourt is Kelsey Gallagher, a first team All-PSAC East (and former PSAC East Freshman of the Year) guard that averaged 15.3 points a game last season. Gallagher helps the Huskies in so many ways evidenced by the fact that she led the team in free throw shooting percentage and rebounding. She is truly the leader of the team and can show the young players how to win.

Sophomore Dana Wieller, last year's PSAC Freshman of the Year, set a school single season record last year with 79 made three-pointers and led the team in scoring with 16.0 points per game. Wieller will once again be one of the Huskies outside scoring threats, but has also been working hard at creating her own shots.

Sophomore Alyssa Flanagan brings knowledge to the Huskies as a floor general, leading the team in assists and steals last season. She possesses all the right attributes for a point guard and will continue to do things until she gets it right.

Kayla Oxenrider, another sophomore, is a quick, athletic inside-outside player that works hard, creating problems for her opponents. As a freshman she averaged 10.6 points a game and was third on the team with 46 made three-pointers.

Hannah Geedey is in her first season with the Huskies after transferring from St. Francis (PA) University. She has an incredible court vision and is a major offensive threat. She is highly skilled and an unselfish player.

Catherine Noack and Brianna Dudeck are both freshmen that will be competing for minutes this season. Noack has a quick release and a strong understanding of the game. She is a long, accurate shooter. Dudeck is lightning quick and will do anything to help the team succeed. She has a positive energy and brings a great attitude.

Alyssa Flanagan

2009-10 OUTLOOK

FRONT COURT

The most-improved player from last year, sophomore Lauren Ellis is a versatile, inside-outside player that can cause natural problems on the court. Ellis averaged 3.8 points, but was third in rebounding with 4.1 a game despite coming off the bench.

Fellow sophomores Lauren Biczelewski and Kristin Selvey look to come off the bench for some minutes this season. Biczelewski has the ability to develop into a solid post using her physical strength in an advantage. Selvey is a long and athletic player, who is a strong rebounder for the team.

Danielle Derr, a redshirt freshman, is a strong physical player on the inside and outside. She is a strong post and her understanding of the game will help her compete for minutes.

Courtney Nyce and Sydney Mallory will begin their first season with the Huskies. Nyce comes as a transfer from Mount St. Mary's in Maryland. She is versatile in the paint and brings positive energy as a very driven player. Mallory, a freshman who has a knack for being around the ball will compete for valuable minutes. She has the willingness to learn and succeed.

WRAP UP

"This is a great bunch of young women who have worked tirelessly for us and have really bought into what we're trying to do and expand to get better than last year," stated Cleary.

"Our goals for the season have not changed since I arrived three years ago," Cleary stated. "We want to win the PSAC East and then go after a conference title. It may seem like a tall order, but I think we (as a coaching staff) have the pieces in place to accomplish those goals."

In order to reach their goals, the Huskies will rely on their experience from last year and their ability to lead on their own. "They definitely understand our goals and believe in them whole heartedly," confirmed Cleary.

NELSON FIELD HOUSE

The Nelson Field House, located on Bloomsburg University's upper campus, serves as home for most of the university's indoor athletic events.

The facility, constructed in 1971, recently underwent a \$13.4 million dollar facelift. Among the renovations to the field house are a new bleacher system for the main gym area, a new scoreboard, a new wrestling room on the lower level of the facility, a new and expanded press box, dedicated locker rooms for each sport, including an expanded football locker room, improved office space and additional storage space. In addition the pool area has been completely renovated with improved lighting, new bleachers, new starting blocks, improved timing system and record board.

The project also provided for enhancements to both the upper and lower entrances that will showcase the awards the teams have won over the last three decades. The project was completed in August of 2009.

PENNSYLVANIA STATE ATHLETIC CONFERENCE

Originating in 1951 to administer and promote men's athletics, the Pennsylvania State Athletic Conference has evolved into one of the NCAA's most heralded intercollegiate conferences.

The first major step came in 1977, when based on a growing interest, the league reorganized to provide a structure for its women's programs. Only three years later, lacking a standard competitive division, league voted to reclassify the entire conference to NCAA Division II.

The most recent enhancement came during the 2008-09 academic year when the PSAC expanded adding full-time members Gannon and Mercyhurst, and associate member Long Island University-C.W. Post. The membership now consists of 16 full-time institutions and the associate.

All of the league's full-time members are located within the Commonwealth of Pennsylvania, which makes the PSAC the largest one-state conference in the NCAA. The league has also grown to share the distinctions as: the largest conference in Division II, the largest football-playing conference in the NCAA, and, with 23, the conference that sponsors the most championships at the Division II level.

Highly competitive on a regional and national level, PSAC schools annually send nearly one-third of its teams into NCAA postseason play. The membership's success has yielded 42 NCAA team and 228 individual title winners.

While proud of its athletic accomplishments, the league also has evolved into one of Division II's finest from an academic standpoint. Nearly 1/3 of the PSAC's estimated 6,200 participants are honored each year as "Scholar-Athletes" for maintaining a GPA of 3.25 or better - a total that has nearly doubled since PSAC Scholar-Athletes were first recognized in the mid-1990s.

Although all 16 current institutions are members of Division II, eight league schools also compete at the Division I level in select sports. PSAC schools enroll over 118,000 students and claim over 670,000 alumni, including 430,000 who reside in Pennsylvania.
